

Acme Mutual Insurance — Frequently Asked Questions

Document No: ACM-FAQ-2026-001 | Version: 1.0 | Effective Date: 1 January 2026

This is placeholder content generated for RAG application testing purposes only and does not represent an actual insurance policy or legal document.

General Policy Questions

Q: What types of insurance policies does Acme Mutual offer?

A: Acme Mutual offers four main policy lines: Health Insurance, Vehicle (Motor) Insurance, Life Insurance, and Home Insurance. Each policy line has its own coverage terms, premium structure, and claim procedure outlined in the respective policy document.

Q: How do I renew my policy?

A: Policies can be renewed up to 30 days before the expiry date through the online portal, by contacting your agent, or by visiting a branch office. A grace period of 15 days is provided after expiry, during which the policy can still be renewed without a fresh medical checkup, but coverage is not active during the lapsed period.

Q: Can I cancel my policy after purchase?

A: Yes. Policies can be cancelled within 15 days of purchase under the free-look period for a full refund, minus any medical test or stamp duty charges already incurred. Cancellation after the free-look period follows the surrender terms specific to each policy type.

Q: How do I update my personal details on my policy?

A: Personal details such as address, phone number, and nominee information can be updated through the customer portal under 'Manage Policy' or by submitting a written request with supporting identity proof to your branch office.

Health Policy Questions

Q: What is the waiting period for pre-existing diseases?

A: Pre-existing diseases are covered after a continuous waiting period of 36 months from the policy start date. Specific conditions such as diabetes and hypertension may have a reduced waiting period of 24 months if declared and accepted at the time of underwriting.

Q: Is knee surgery covered under the health policy?

A: Knee surgery is covered under the Surgical Procedures benefit after the applicable waiting period of 24 months for orthopedic conditions, provided the surgery is medically necessary and performed at a network or non-network hospital as per policy terms.

Q: Does the policy cover maternity expenses?

A: Maternity benefits are available as an optional rider with a waiting period of 9 months from the rider purchase date. The base health policy does not include maternity coverage unless this rider is explicitly

added.

Q: What is a cashless claim?

A: A cashless claim allows the policyholder to receive treatment at a network hospital without paying upfront. The hospital directly bills Acme Mutual for the approved treatment cost, subject to pre-authorization and policy limits.

Vehicle Policy Questions

Q: What is covered under third-party liability?

A: Third-party liability coverage pays for damages or injuries caused to another person, vehicle, or property in an accident involving your insured vehicle. It is a mandatory component of vehicle insurance and does not cover damage to your own vehicle.

Q: Is my vehicle covered for natural disasters?

A: Comprehensive vehicle policies cover damage from natural disasters such as floods, earthquakes, and storms under the Own Damage section. Third-party-only policies do not include this coverage.

Q: What is No Claim Bonus (NCB)?

A: No Claim Bonus is a discount on the premium offered for each claim-free policy year, starting at 20% after the first claim-free year and increasing up to a maximum of 50% after five consecutive claim-free years.

Claim Procedure Questions

Q: What documents do I need to file a claim?

A: Standard claim documentation includes the claim form, a copy of the policy, identity proof, original bills and receipts, and any supporting reports relevant to the claim type (medical reports for health claims, FIR and repair estimates for vehicle claims).

Q: How long does claim settlement take?

A: Once complete documentation is submitted, Acme Mutual issues a written determination within 15 business days. Approved claims are disbursed via direct deposit or check within 5 business days of the determination letter.

Q: What happens if my claim is rejected?

A: If a claim is rejected or partially approved, the policyholder may file a written appeal within 60 days of the determination date, along with any additional supporting evidence for reconsideration.

Q: Can I track my claim status online?

A: Yes, claim status can be tracked in real time through the customer portal or mobile app under the 'My Claims' section, which displays the current stage of review, assigned adjuster, and expected resolution date.
